MYSORE CITY IMPROVEMENT TRUST BOARD.

Notification dated 23rd July 1904.

No. II. DRAINAGE AREA.

It is hereby notified, in accordance with Section 16 (1) of Regulation No. III of 1903, for the Improvements of the City of Mysore, that a scheme for the improvement of that portion of the City described as No. II Drainage area has been prepared. The area lies generally between Bakshi Budan Khan's street and the Hospital road, and comprises the greater part of Lashkar and Mandi Mohallas.

It is bounded—

(*a*) on the north by Bakshi Budan Khan's, Major Yakub's, Sivaprasad's, Gangaram's and G. Subbanna's streets,

(*b*) on the north-east by the Church street meeting the road to the travellers' bungalow road, and the foot-path between the junction of the Church street and travellers' bungalow road, and Hale Nazarbad road,

(*c*) on the east by the Hale Nazarbad road and the old Idga road,

(*d*) on the south by Gulur Subbanna's street, Court road, Kaliamana temple and Hospital roads,

(*e*) on the west by Sayaji Rao road, Railway Station, and Silledar Lines and Stables.

This area is divided into 23 Drainage Blocks bearing Nos. 10, 11, 12, 13, (part of 18, 19, 21 and 22, and 29 and 30,) 31, 24, 23, 25, 9, 8, 7, 4, 5, 6, 26, 27, 28, 2, 3, as indicated on plans, and comprises the Silledar Lines.

The particulars of the Scheme, a map of the area and the statements specifying the lands and properties to be acquired may be seen at the Chairman's office, between 11 A.M. and 5 P.M. on office days.

The proposed improvements may be summarised under the following heads :—

(*a*) the opening out of roads, lanes and open spaces, with a view to relieve congestion, facilitate drainage and conservancy, and to admit of sufficient light and air,

(*b*) the demolition of insanitary houses,

(*c*) the construction of drains,

(*d*) the construction of latrines and the provision of other public conveniences,

(*e*) the removal of insanitary blocks as indicated on the plans and incapable of improvement.

The details of widening the existing lanes and opening out of new roads and conservancy lanes in the several Drainage Blocks are noted below :—

Block No. 10.—Widening cross road No. 6, from Nala street to Jalagar's street, and No. 2 from Budubudike street to Anegundi Arsu street.

Continuing No. 7 conservancy lane to the west of Anegundi Arsu street to join Bakshi Budan Khan's street.

Opening a new conservancy lane No. I from Bakshi Budan Khan's street to Togari street.

Opening two new conservancy lanes No. III and IV as marked on plan.

Block No. 11.—Widening No. 3 road from Bakshi Budan Khan's street to Budubudike street. It is proposed to open ten new conservancy lanes to thoroughly conserve the area. They are consecutively numbered from two to eleven, and shown on the Block plan.

Block No. 12.—Opening three new conservancy lanes from Bakshi Budan Khan's street to Momthabooth street, and another across No. 9 new conservancy lane to Kaliaman temple street. Nine new conservancy lanes are also proposed to thoroughly conserve the area between Momthabooth street and Mandi market street. They are numbered 11, 2, 1, 3, 10, 12, 13, 5 and 6.

Block No. 13.—It is proposed to open out seven conservancy lanes between Bakshi Budan Khan's street and Berka Makan street.

Two new parallel conservancy lanes to new cross street No. III will also be opened as shewn on plan. They are denoted as Q. and A. E. C.

Six small conservancy lanes between the two new parallel conservancy lanes will also be opened. They are marked H. F. C. P. B. and D. on plan.

Block Nos. 18, 19, 21 *and* 22 *and* 29 *and* 30.—New conservancy lanes and roads in these Blocks were opened under the Scheme sanctioned for No. I Drainage area. The construction of drains only will be handled now.

Block No. 31.—The insanitary houses in this Block will be removed and the existing two conservancy lanes will be widened, and drains constructed, and two new conservancy lanes No. I and IV. are proposed to be opened.

Block No. 24.—The two parallel lanes to Gouligar's street will be widened, and seven new conservancy lanes running north to south between Gouligar's street and Kamani Darwaza road will be opened.

Block No. 23.—The insanitary houses will be entirely removed, and a new road parallel to Gouligar street will run through the Block.

Block No. 25.—The chief work in this Block will be the removal of houses condemned as being unfit for occupation. Two new conservancy lanes running north to south between Davood Khan's street and Dee's road will be opened.

Block No. 9.—Seven conservancy lanes parallel to Ragi Mandi street and two lanes running north to south parallel to Kaliaman temple street will be opened.

Block No. 8.—This Block is proposed to be cut up into convenient small blocks to thoroughly drain the whole area. This necessitates the opening of six conservancy lanes east to west, and five from north to south.

Block No. 7.—Several condemned insanitary houses will be removed. The most important work will be making the new road from Mochi Ghaut street to Togari street marked No. 6. Four minor conservancy lanes will also be opened.

Block No. 4.—In this Block also as in the case of No. 7 all the houses condemned as being unfit for occupation will be removed.

Three new conservancy lanes will be opened at the thickly populated portion of the Block.

Block No. 5.—The chief work in this Block is to secure a good cart road along the Main drain which runs parallel to Mochi Ghaut street. Other needful nine conservancy lanes will also be opened, in addition to the removal of insanitary houses.

Block No. 6.—In this Block also, the foot-path along the "Main Drain" will be widened to allow conservancy carts. The thickly populated portions will be conserved by opening newly, fourteen conservancy lanes, suitably situated, as marked on plan.

Block No. 26.—A new conservancy lane parallel to Doddapete street marked (A) and another cross lane marked (B) will be made.

Block No. 27.—A new conservancy lane proposed in Block No. 26 marked (A) will be continued to the Railway Station road. A cross lane from Doddapete road to join the new conservancy lane will be made.

Block No. 28.—All the narrow houses facing the Doddapete road are proposed to be conserved by opening a new conservancy lane instead of allowing the sewage to

enter the Main road. This lane will run between Doddapete Main road and Halladakeri street. A new road from Halladakeri road to the Church road through Normal School compound will be made, and the Main drain will run along the side of it.

Block No. 2.—This Block is the most thickly populated portion of the whole "Drainage area." Five conservancy lanes parallel to the Railway Station road, and five lanes across will be opened between Railway Station road and Hospital road. Properties will be acquired to open ten conservancy lanes as marked on plan, to conserve the portion between Hospital road and Ravai street.

Block No. 3.—The most important improvement in this Block will be to remove all the insanitary houses along the Sayaji Rao road. This area will be re-allotted for building convenient houses, with shops utilising the "Frontage" already built. A new conservancy lane will be opened parallel to the Railway Station road from Benki Nawab's street to Kaliaman temple street. Minor cross lanes marked A, C, D, E, G, H, and I will also be opened.
